

## Test Signature Agreement

This Test Signature Agreement (the “Agreement”) is entered into as of the date signed below, between The Happy Pixel Company (“Company”) and the undersigned test participant (“Client”).

1. Purpose. This document exists solely to test the electronic-signature workflow. It creates no rights, duties, or obligations for anyone who signs it.
2. What signing does. By signing, each party confirms only that the signature capture, the status tracking (draft, out for signature, completed), and the executed-copy delivery all work as intended.
3. Test data. Any names, dates, or marks placed on this document are test data and may be deleted at any time.
4. No agreement. Nothing in this document constitutes a contract, an NDA, or any other legally binding commitment. It is a functional test of Pixel Sign and nothing more.
